

Anthesis

Release the value
of Infor CloudSuite
Food & Beverage ERP.

 Gold
Channel Partner

Food and Beverage industry software that helps you do more with less.

Infor CloudSuite Food and Beverage™ is an industry-specific ERP solution that enables you to automate product lifecycle management, supply chain planning, and asset management to improve efficiency and profitability.

- Fine tune your production schedule for total transparency and down-to-the-minute planning.
- Respond quickly to customer demands and make your quality assurance process first class.
- Trace ingredients at every stage of the production process with pinpoint accuracy.
- Scrutinise suppliers and take action to maintain quality and profitability.
- Uncover key areas to tighten processes, reduce waste and increase efficiency.

Who is Anthesis?

Anthesis Ltd is an expert in software and services specifically designed for the food & beverage industry.

As an Infor Gold Channel and Alliance Partner, Anthesis sells, implements, and supports Infor CloudSuite ERP software. With a team of more than 150 experts providing over 20,000 days of technical and functional consultancy each year, Anthesis helps food and beverage businesses release the value of their Enterprise Applications.

Anthesis Customers.

Our customers are at the heart of everything we do. Our success is helping our customers grow and achieve their business objectives.

We tell our story through our customers' success stories.

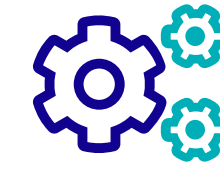

Anthesis

Why choose Anthesis?

We know exactly what to do:

Anthesis consultants have an average of 15 years' experience.

We've done it many times before:

We have completed more than 275 projects in 25 different countries.

We will tell it like it is:

Whether consulting, software sales or service delivery, we will speak honestly and directly.

We are always the right size:

We are not too big to care and not too small to have an impact.

We are in it for the long term:

We are growing our team and investing in people.

Anthesis

Finsbury Food Group

Finsbury Foods worked with Anthesis to successfully implement Infor M3 across multiple sites, helping them:

1. Reduce paperwork and admin
2. Make better informed decisions
3. Increase buying power as a group
4. Achieve world class traceability

Anthesis

ABP Food Group

The challenge is finding the right professional services which are available when you need them. Anthesis' flexible approach and bank of industry and M3 application skills helped to support what was an aggressive timeline of projects which have been delivered on time and on budget, with no unexpected impacts on the wider business.
